TECH Solutions

THE LAST WORD

EVAN'S PICK

"You got this"

So, you're a smallish to midsize business? Bet I don't have to tell you to make it in today's economy, you gotta be able to perform like the big guys even if you don't have the big guy resources. So what's my advice? Make the most of tech, that's what. I'm talking about taking advantage of tools that produce results without crazy cost or commitment. You know, things made to help you spend less, do more and compete better.

Take Brother's hi-speed desktop scanner, for instance. This baby makes quick work of going from doc to digital—perfect for freeing up valuable real estate right in the office and for easier communications with remote clients and associates. Speaking of communication, no need to invest in some complex infrastructure. AT&T offers a dandy selection of easy-to-install phone systems designed to keep you connected and grow with your needs. Logitech's C270 HD webcam, with its crisp audio and fluid motion, makes video conferencing the save-a-buck, time-saving, no-brainer alternative to travel.

You'll find all these plus multimedia projectors for smokin' presentations, high-performance, print-shop quality printers, and more smart tech right here and now in your friendly neighborhood Tech Solutions. Now, repeat after me, "I GOT THIS."

Shop early while supplies last! Offers good October 1-31!
